LEGISLATIVE NOTES

Revisor's Note (Acts 2012, c. 426):

This section is new language derived without substantive change from former Art. 28, § 5-303.

The Land Use Article Review Committee notes, for consideration by the General Assembly, that the reference to “residents” is substituted for the former reference to “citizens” because the relationship between the Program benefits and the proximity of residents is clear, whereas the relationship between the benefits and citizenship, including its attendant rights and duties such as voting and jury service, is unclear. No substantive change is intended.

The former phrase “declared to be” is deleted as unnecessary.
